HIGH-PERFORMANCE WINDOWS

REGENCY® 400 SERIES
CUSTOM VINYL REPLACEMENT WINDOWS

ENERGY STAR® MOST EFFICIENT 2019

Gentek is pleased to announce that Regency and Regency 400 Series windows have been selected as ENERGY STAR Most Efficient 2019 for meeting rigorous ENERGY STAR performance criteria.

1. Must have an Energy Rating (ER) of 36 (unitless) or higher, **OR**
2. Must have a U-factor of 1.14 W/m²·K (0.20 Btu/h·ft.²·°F) or lower and have an ER of 26 (unitless) or higher

BEST-IN-CLASS ENERGY SAVINGS

With a full selection of window styles and glass options, Gentek makes it easy to achieve a beautiful, energy-efficient window system for every application. All Regency and Regency 400 Series windows built with EnergyPlus™ glass are included in the ENERGY STAR Most Efficient designation. The heavy-duty, weathertight construction features fusion-welded masterframe and sash corners, dual-pane insulated glass technology and integrated insulating components for superior energy savings year-round.

ENERGYPLUS GLASS – SPECIALLY DESIGNED FOR NORTHERN CLIMATES

- Double-glazed insulated glass unit with Low-E, argon gas and Super Spacer® structural foam spacer
- Performance-engineered for superior energy efficiency and longevity
- Triple glazing and solar control options available
